These checks involve the processing of personal data about you, and this can be both before any money is paid and afterwards. The personal data you have provided, has been collected from you, or has been received from third parties will be used to prevent fraud and money laundering, and to verify your identity. This includes the checking of your details against the Cifas National Fraud Database established for the purpose of allowing organisations to record and share data on fraudulent conduct by individuals and organisations. Details of the personal information that will be processed include, for example: name, address, date of birth, contact details, financial information, and business details.

Local authorities and Cifas may also enable law enforcement agencies to access and use your personal data to detect, investigate, and prevent crime.

Local authorities will process your personal data on the basis that it is necessary in the public interest or in exercising official authority to prevent fraud and money laundering, and to verify identity, and to comply with the law. Cifas will process your personal data on the basis that it has a legitimate interest in preventing fraud and money laundering, and to verify identity, in order to help protect the public purse. Cifas has published its assessment of the legitimate interests in relation to the National Fraud Database.

#### **State Aid**

Following the outbreak of the Coronavirus, the European Commission has approved schemes to aid businesses affected by the Coronavirus outbreak on the basis of their Temporary Framework, including the COVID-19 Temporary Framework scheme for the UK.

The maximum level of aid that a company may receive is €800 000 (€120 000 per undertaking active in the fishery and aquaculture sector or €100 000 per undertaking active in the primary production of agricultural products). This is across all UK schemes under the terms of the European Commission's Temporary Framework. The Euro equivalent of the Sterling aid amount is calculated using the Commission exchange rate applicable on the date the aid is offered.

Any aid provided under this scheme will be relevant if you wish to apply, or have applied, for any other aid granted on the basis of the European Commission's Temporary Framework. You will need to declare this amount to any other aid awarding body who requests information from you on how much aid you have received. You must retain evidence of state aid for four years after the conclusion of the UK's transition from the EU and produce it on any request from the UK public authorities or the European Commission.

Aid may be granted to undertakings that were not in difficulty (within the meaning of Article 2(18) of the General Block Exemption Regulation) on 31 December 2019, but that faced difficulties or entered in difficulty thereafter as a result of the COVID19 outbreak.

This aid is in addition to any aid that you may have received under the De Minimis regulation allowing aid of up to €200,000 to any one organisation over a three fiscal year period (i.e. your current fiscal year and previous two fiscal years), and any other approved aid you have received under other State aid rules, such as aid granted under the General Block Exemption Regulation.  
By ticking the declaration below you are confirming eligibility, in principle, for aid.

**Declaration**

- (1) The information provided will be used for the purpose of administering the Discretionary Business Support Grant.
