Foreword

Barnet has a diverse range of primary schools that provide an excellent education. Children make excellent progress in acquiring the skills they will need in the future and achieve some of the best test results in the country. Barnet's primary schools also offer children a wide range of other activities in sport, music or drama to ensure they receive a broad and rich education.

Starting school is an exciting time for both parents and children. It is also a critically important step in the lives of our children and this booklet is designed to give parents all the information they need about primary schools in Barnet and the admissions process.

While the booklet will be of particular interest to those parents whose children are due to start in the reception year of a primary school in the year beginning September 2019, it also contains useful information for older children who may have moved into the area or who wish to change school for other reasons.

The admissions system is co-ordinated across the whole of the London area and operated by all 33 London boroughs. This booklet gives details of how to apply to maintained (non-fee-paying) schools for a place in 2019/20 and the admissions criteria for each school.

Many schools also have open days when parents can visit the school to see the work that is being done by both staff and pupils. Please contact any school you are interested in to see if they have a day arranged.

I hope you find this booklet helpful and I wish your child every success in their education in Barnet.

Councillor David Longstaff

Chairman of the Children, Education
and Safeguarding Committee

Welcome!

If your child was born between 1 September 2014 and 31 August 2015, you will need to apply for a Reception class place for the school year beginning September 2019.

About this booklet

This booklet will help you understand the admissions process when your child starts school in a Reception class.

In this booklet we explain:

- how to choose a school
- how to fill in the online form
- how school places are allocated
- what happens if we cannot offer your child a place at a school you have chosen.

In this booklet you will also find:

- the Reception timetable
- descriptions of all the primary schools in Barnet.

There is also information about:

- nursery admissions
- admission outside the normal year group
- in-year admissions
- transfer to junior school
- fair access protocol
- school meals
- help with travel costs
- school uniform.

When does my child start school?

- children start school in the September of the school year in which they will become five years of age
- this means most children are four years old when they start school
- children reach statutory school age at the beginning of the term following their fifth birthday. Statutory school age means the age when a parent is legally required to make sure that their child attends school
- if your child has an Education, Health and Care (EHC) Plan, the arrangements for your child's admission to school will be different and these will be explained to you by the SEN Team. The EHC Plan replaces the Statement of Special Educational Needs. For more information contact **SENadmin@barnet.gov.uk**

Deferred Entry

- if you feel that your child is not ready to start school in the September following their fourth birthday, you can either arrange for them to attend part-time or defer their start in Reception class until later in the school year
- however, a Reception class place must be taken up by the start of the summer term
- if entry is deferred until after the start of the summer term, you will need to reapply for a school place for the next academic year
- if entry is deferred until the following September your child may be admitted directly to Year 1 (unless a request to be admitted outside of their normal age group has been agreed - see page 101)

If you want to defer your child's start in a Reception class, you will need to discuss this with the headteacher.

Infant class sizes

The law states that children must not be taught in classes of more than 30 pupils with a single teacher in Reception, Year 1 or Year 2. Please look at the individual school pages to see how many places each school has available. This legislation will be taken into account when appeals are heard.

Co-ordinated admissions

All London boroughs work together on the Reception class admissions process and this is known as the Pan-London co-ordinated admissions scheme.

How the scheme works

- you can apply for up to six schools
- the application is submitted to the local authority where you live
- you can apply for schools within or outside Barnet
- a computer system is used to exchange information about Barnet residents applying for schools outside the borough, and other boroughs can tell us about their residents wishing to apply to Barnet schools
- if a school is oversubscribed, its published admissions criteria is used to decide who should be offered a place
- the scheme makes sure that no child is offered more than one school place
- you will get the result of your application in the evening of **16 April 2019**.

Choosing a school

Before you make your application:

Read the
school
prospectus...

available from the
school

Talk to the
Admissions
Team...

we can give you
advice and answer
your questions

Don't listen
to gossip...

what's right
for other children
may not be the
same for your child

Think about
how realistic your
choice is

most schools get
more applications
than they have
places available so...

...look at the
admissions criteria
and the cut off
distance for each
school

...check to see if you
live in the priority
area for your
preferred community
school

Mythbusters

Answers to those playground myths:

Myth: **My child is in the nursery so they will automatically go into the Reception class**

Fact: Everyone must apply for a Reception place even their child already attends the nursery. Schools are not permitted to give priority for Reception places to children in the nursery class so there is no guarantee that they will get a place.

Myth: **My child has a right to a place at one of my choices**

Fact: The schools listed on your application are preferences. We will offer your child the highest preference possible but if your child does not qualify for a place at any of your preferred schools, we will allocate a place at the nearest school with a vacancy.

Myth: **It does not matter if my application is late**

Fact: Applications submitted after 15 January will not be processed until after all those submitted on time and it is very unlikely that your child will be offered one of your preferred schools.

Myth: **Listing one school will give me a better chance of getting that school**

Fact: If you list only one school and your child does not qualify for a place under the school's admissions criteria, we will offer a place at the nearest school with a vacancy.

Myth: **I can only apply for Barnet schools**

Fact: You can apply for both Barnet and out of borough schools by listing them on the Barnet application form.

Myth: **Children in my road go to the school so my child will too**

Fact: The number of children offered under each criterion at each school can change every year so just because you know children living near you go to a certain school, this does not mean that your child will be offered a place there.

Myth: **If I apply to a school in another borough, their residents will have priority over my child**

Fact: An admissions authority cannot give priority to its own residents and published admissions criteria cannot include the borough of residence.

Myth: **I have another child already at the school so my other child will automatically get a place**

Fact: Everyone must apply for a school place even if there is another child at the school. Many schools give priority to siblings but this does not guarantee a place if there are other children who qualify under a higher criterion.

Myth: **Listing the same school six times will improve my chances of being offered a place**

Fact: Your child can only be considered once for a school so any duplicated preferences will be deleted.

Myth: **I live nearer to the school that the last child offered under the distance criterion last year so my child is guaranteed a place**

Fact: Although the information in the allocation table on page 45 can give you an idea of how likely it is that your child will be offered a place at your preferred school, the furthest distance offered will change every year. We cannot guarantee that any child will be offered a place at any school.

Jewish voluntary aided schools may also require you to provide a Certificate of Religious Practice (CRP). SIFs and CRPs are available directly from the school.

Please remember an application is not valid unless an application has also been submitted at **www.eadmissions.org.uk** and the school is named on it.

Apply for a school place at www.eadmissions.org.uk

From 1 September 2018 you can apply for a school place online

The following guidance will help you to complete your application

Your child's address

The address provided on your application form must be the child's permanent address on **15 January 2019**.

You are not permitted to use a temporary address to secure a school place for your child. This includes a child minder's address, a business address or the address of a relative or friend. We will not accept a temporary address if you still possess a property that was previously used as a home address; nor will we accept a temporary address that is used solely or mainly to obtain a school place.

If you own a property, which is, or previously has been, used as a home address and you state that you are living at, and apply from a different address, we will treat the second address as temporary. Therefore, we will use the address of the property which you own as the valid address for school admissions purposes.

If you own or rent a property, and you buy or rent another property or live with family or friends temporarily, and state that this is your and your child's home address, we will not use the second address for school admissions purposes. Where owned property is being renovated, this will still be considered to be the child's permanent address.

We may also carry out additional checks with the new school to see whether the child's home address has changed since the application and will investigate applications where:

- there are any doubts about the information originally provided
- information has been received from a member of the public to suggest that misleading information has been provided and a fraudulent application made
- the Council Tax is in a different name than the applicant's.

Children living at two addresses

If parents live separately, the application should be made by the parent the child normally lives with from the address which s/he attends nursery school. When parents live separately but the child lives with both parents at different addresses, the child's home address will be taken to be the address where the child lives for most of the week.

If the child spends an equal amount of time with each parent, the address will usually be taken to be that of the main parent/ carer eligible to receive Child Benefit and Child Tax Credit. The exact arrangements must be made clear in a letter with a copy of any custody or residency order submitted with the application. The final decision about which address is to be used for admission purposes will be made by the Admissions Team

Change of address

We can only accept a change of address after you have moved. We will not use an intended future address.

If your child is still living abroad when you apply, we will consider the application based on the overseas address and any subsequent change will be in line with our change of address policy below. The only exception is in the case of UK service personnel with a confirmed posting or other Crown Servants returning from overseas. If you change address, please notify us immediately and provide the evidence required (see Proof of address below). If you do not tell us about a move, or an intended move that has failed to take place, we may withdraw any school place that has been offered.

A change of address will only be taken into account if it takes place before **11 February 2019**. If we receive the required evidence before **11 February 2019** we will be able to use the new address to measure your home to school distance. If this information is received after **11 February**, we will not be able to update your address until after **16 April 2019**.

Proof of address*

In order for us to verify your address, please provide your Council Tax reference number on your application (you can find this on your council tax bill).

You will also need to attach a scanned copy of one of the following documents to your application (or at least two documents if you cannot provide your council tax reference number):

- tax credit documentation
- a recent bank statement showing Child Benefit payments
- a recent (within 3 months) utility bill
- your most recent rent, mortgage statement or tenancy agreement.

* We reserve the right to request confirmation of any address if we feel it is appropriate. We will also refer to any publicly available information, such as the electoral roll, where this is relevant

If your address has changed in the last two years, we may ask you for further proof that your current address is your permanent home address. **If you move address after 15 January 2019** the type of additional evidence you will need to provide will vary depending on your circumstances.

If you have sold one property and purchased another, we will need to see all of the following:

- evidence of completion on the property sold
- evidence of completion on the property purchased
- closing utility account for the property sold
- the Council Tax reference number for the property purchased
- a utility bill for the property purchased.

If you have moved from one rented property to another, we will need to see all of the following:

- copy of termination of tenancy agreement on the previous property
- closing utility account for the previous property
- copy of tenancy agreement on the current property
- proof of payment of rent to the landlord on a regular basis
- the Council Tax reference number for the current property
- two utility bills for the current property
- if you are not liable for Council Tax or utilities you will need to provide official evidence that you are resident at that address (for example, driving license, child's medical card or child benefit letter).

If this information cannot be provided, we won't be able to accept the new address and will continue to use the original address provided.

Fraudulent applications

It is important that the admissions system is fair for everybody. Nobody should be allowed to cheat by using a friend or relative's address or by temporarily renting a property near to a popular school. Each year a small number of parents try to get a school place by providing false information, which could result in them taking a place that should have gone to another child.

Please realise that:

Providing false information to secure a school place is a criminal offence. Any applications suspected of being fraudulent will be referred to London Borough of Barnet's Corporate Anti-Fraud Team (CAFT) for investigation. If your application is proven to be fraudulent you may be prosecuted in addition to the school place being withdrawn.

All information submitted to Barnet Council can be used in proactive data matching exercises to assist in the prevention and detection of fraud.

If you know someone who intends to use, or has used, a false address to obtain a school place, you can report this confidentially to CAFT:

Fraud hotline: **020 8359 2007**

Email: **CAFT@barnet.gov.uk**

Online: **www.barnet.gov.uk/anti-fraud**

School preferences

Please remember that:

- you may list up to six schools in the order you prefer them with your most preferred school as number one
- the preference order is very important, think carefully about this as only one offer can be made
- you can include schools within or outside Barnet
- you should check the admissions criteria for each of your preferred schools to make sure your child meets these
- all applications are processed as though they were equally preferred
- your ranking does not affect your child's eligibility for a place at any school
- it is a good idea to list the community school in the priority area where you live, a map of each school's priority area can be viewed at **www.barnet.gov.uk/primary-school-admissions**

Changing your preferences

Please note if you want to make changes to your list of schools:

- you can change the preferences at any time up until 15 January 2019 on your 'My school admissions' page
- you cannot change your preferences after 15 January 2019 unless there are exceptional circumstances, such a change of permanent address, and you let us know and provide the relevant evidence before 11 February 2019.

'Looked after' children and previously 'looked after' children

'Looked after' children and previously 'looked after' children are given the highest priority for a school place and are defined as:

- children in the care of a local authority, i.e. fostered or living in a children's home
- children who have left care through adoption, a child arrangements order or a special guardianship order.

Important – please see Keywords on page 100 for definitions of ‘looked after’ children and previously ‘looked after’ children. If you are a foster carer looking after a child in care, you must provide a letter from the child’s social worker confirming the child’s status as a ‘looked after’ child.

If you have adopted a child you must provide the Certificate of Adoption as well as evidence that the child was ‘looked after’ before the adoption. Please note that children adopted from overseas are not classified as having been previously ‘looked after’.

Children with special educational needs

Your preferred school will be consulted separately about its ability to meet your child’s particular needs. Following the consultation, the finalised Education, Health and Care Plan will name the school that your child will be expected to attend.

Please visit www.barnet.gov.uk/SEN for further information.

Exceptional circumstances

All schools have experience in dealing with children with additional needs. However, in a few exceptional cases, there may be a reason why a child needs to attend a specific school.

If you feel there is an exceptional medical or social reason why your child should be considered for a priority place at a particular school, it may be taken into account.

Check the oversubscription criteria for the school to see if there is a medical/social category. If there is, you can attach evidence to support your application.

If you are applying for a place at a community primary school:

- you must complete the Barnet Exceptional Medical/Social Circumstances form you can download the form from www.barnet.gov.uk/schooladmissions or request a form by sending an email to school.admissions@barnet.gov.uk the form must be attached to your application with your supporting evidence by **15 January 2019**
- any submission made after the initial application will only be considered if the circumstances have changed

- your evidence must include a current letter from a doctor, social worker or other appropriate professional, which must name the school and specify the reasons why it is necessary for your child to attend the particular school
- the supporting letter must also make it clear what difficulties would be faced if your child attends an alternative school
- the Admissions Team is not responsible for chasing you for the medical evidence or for contacting professionals for information about your case
- please note that the following are unlikely to be considered grounds for exceptional medical/social circumstances:
 - speech & language delay
 - awaiting an EHCP
 - asthma, diabetes, eczema or allergies
 - car/travel sickness
 - the need for a child to stay in friendship groups
 - family attending the same school
 - attends the nursery
 - child care arrangements

If you feel that one of these examples should be considered, you will need to demonstrate how this has a significant impact on your child and why only the particular school can meet your child’s exceptional need.

- all decisions will be made by the Director of Educational Services.

Late applications

Applications received after 15 January will be treated as late. Late applications will not be considered until we have allocated school places for the applications that were received on time.

This means that late applicants are unlikely to be offered one of their preferred schools and will be allocated an alternative school in the second round of offers. If there is a good reason why your application is late, you must complete a Reason for Late Application form.

You can download the form from www.barnet.gov.uk/schooladmissions or request a form by sending an email to school.admissions@barnet.gov.uk

The completed form must be attached to your application with any supporting documents by **11 February 2019** at the latest.

The deadline for receipt of applications to be considered for the second round is **30 April 2019**.

Fair access and sharing information

The information you provide will be used in line with the provisions of the General Data Protection Regulation (GDPR). Barnet Council has a duty to protect the public funds it administers and may use the information you have provided for the prevention and detection of crime. We may also share information with other council departments or external organisations in order to undertake our functions as a local authority.

We will always comply with the requirements of the GDPR and never give information about you to anyone else, or use information for another purpose unless the law allows us. If you want to know more about how your information is used visit

www.barnet.gov.uk/privacy.

The people who may receive this information are:

- the current nursery school
- the school to which the child is to be admitted
- other Admission Authorities so as to ensure that parents have provided consistent information.

How places will be allocated

When all the on-time applications have been submitted, the allocation process will begin:

- we will let other local authorities know about any preferences you have made for schools in their area
- we will also let any voluntary aided schools, foundation schools, free schools and academies in Barnet have details about your child if you have included any of these schools in your list of preferences
- your rankings will not be passed on to individual schools
- all your preferences will be processed by applying each school's oversubscription criteria to decide which children should be offered places
- the common criteria for Barnet community primary schools is shown on page 21
- the oversubscription criteria for our voluntary aided schools, foundation schools, free schools and academies are shown on the individual school pages.

When all the applications have been considered:

- ranked lists will be drawn up for all schools
- we will co-ordinate all the offers and exchange information with other local authorities
- if your child can be offered more than one school, we will offer the school you have ranked the highest
- lower preferences are automatically withdrawn at this stage

- all withdrawn preferences will be offered on to other children
- no child will be offered more than one place
- if we are unable to offer a place at any of the schools you have chosen we will, if possible, allocate your child a place at an alternative school.

Withdrawal of offers

Places offered at oversubscribed schools will be withdrawn if:

- the offer was made in error
- the offer was made on the basis of fraudulent or intentionally misleading information
- the offer was made on the basis of information that cannot be verified to the satisfaction of the Admissions Team or later proves to be inaccurate
- the applicant has not responded within a reasonable period of time.

If your child's place is withdrawn you have the right of appeal against this decision.

National Offer day – 16 April 2019

- you will receive an email with the outcome of your application during the evening of **16 April 2019**
- if you have registered for text messaging you will also get a message to inform you that the outcome of your application is available to view online
- you should wait until you receive your email before logging into your eAdmissions account for further information
- if you forget your login details you need to go the login page and select 'Forgotten your username or password'
- all applicants who are not offered a place at their first preference school will be informed what happens next
- Please accept the school place you have been offered by **30 April 2019**. log into your eadmissions account, go to your 'My school admissions' page and select 'View outcome and respond'
- please remember to 'submit' your response otherwise we will not receive it.

If you are not accepting the offer you must tell us why, for example if:

- your child has been offered a place at an independent school
- you are moving out of the area.

Please select the appropriate option on the response page. It is important that you inform us so that we can offer the place to another child.

What happens if you have not been offered your preferred school?

Waiting lists

- if your child does not get a place at any of your preferred Barnet schools, they will automatically remain on the school's waiting list
- your child will remain on the waiting list for any Barnet school listed higher on the application form than the school we have offered unless you tell us otherwise
- all lower preferences will have been withdrawn so if you want to ask for your child's name to be added to the waiting list for a lower ranked school to the one your child has been offered, you will need to send us an email and tell us your reasons. You will also need to re-rank the order of your preferences.
- we can also add your child's name to the waiting list for a school that you did not list on your application form
- waiting lists are ordered in accordance with the admissions criteria
- time spent on a waiting list is not taken into account and it is possible that your child's waiting list position will go down as well as up.

Please note: waiting lists are renewed each academic year. To ensure your child remains on a waiting list for consideration after **31 August 2019**, you must apply for an In-Year place.

In-year applications for 2019/20 will open on **1 August 2019**. Please apply on the Parent Portal by visiting www.barnet.gov.uk/schooladmissions and following the link to In-year admissions.

Appeals

If your child is not offered a place at any of the schools listed on your application form, you have the right of appeal:

- appeals are heard by an independent panel and normally take place in June and July
- decisions made by the appeals panel are binding on the local authority and the school.

Will my appeal be successful?

- almost all Reception class appeals are unsuccessful
- this is because it is against the law for children to be taught in infant classes of more than 30 unless there is more than one teacher present

- the grounds on which an appeal can be upheld are very limited.

Appeal panels are only able to allow appeals for infant classes where they are satisfied that either:

- the local authority or the school has made a mistake when applying the school's admission arrangements, or
- the decision not to offer a place was unreasonable in the circumstances of the case.

Understandably many parents think that the decision not to offer their child a place was unreasonable and will present a case to support this argument.

However, the legal definition of an 'unreasonable decision' is a 'decision which was beyond the range of responses open to a reasonable decision maker' or a 'decision which is so outrageous in its defiance of logic or of accepted moral standards that no sensible person who applied their mind to the question could have arrived at it'.

If you understand the above but still wish to go ahead:

- for Barnet community schools you can submit an appeal online at www.barnet.gov.uk/schooladmissions
- for voluntary aided schools, foundation schools, free schools and academies you will need to contact the school/academy directly for further information
- you can only have one appeal for each school in the same academic year unless there are significant changes in your circumstances
- further information about the appeals procedure will be included with your notification on **16 April 2019**
- the deadline for lodging appeals for community schools is **24 May 2019**.

After 16 April 2019

Offers

- some parents may decide not to accept the school place offered to their child
- when a place becomes available it will be offered to the next child on the waiting list
- a second round of offers will be made on **14 May 2019**
- if it is still not possible to offer your child a place at one of your preferred schools and you do not wish to accept a place at the school that has been allocated, you will become responsible for arranging suitable education for your child.

Barnet Schools

Barnet has 90 primary schools and 3 all-through schools

Community schools (40)

Community schools are owned and funded by Barnet Council. The admissions criteria are set and applied by the local authority.

Foundation schools (3)

Foundation schools are owned by the governing bodies of the schools but funded by Barnet Council. The school governors set and apply their own admissions criteria.

Voluntary aided schools (33)

Voluntary aided schools are owned by religious or voluntary bodies but funded by Barnet Council. The school governors set and apply their own admissions criteria.

Academies (10)

Academies are independent schools but no fees are charged and they are funded by the government. The governors set and apply their own admissions criteria.

Free schools (4)

Free schools are set up in response to what local people say they want and need in order to improve education for children in their community.

No fees are charged and they are funded by the government. The governors set and apply their own admission arrangements.

All-through schools (3)

All-through schools comprise both primary and secondary education phases where children are educated from age 3 or 4 right through to age 18. Barnet has one all-through voluntary aided school and two all-through academies.

Please note

Although the information relating to Barnet schools was correct at 31 August 2018, it should not be assumed that there will be no change before the start of, or during, the school year 2019/2020 or for subsequent school years.

Community schools

A map of each community school's priority area can be viewed at the school, or at www.barnet.gov.uk/schools-and-education

Living in a priority area does not guarantee a school place. We use the Synergy Admissions and Transfers system to calculate the distance from your child's home (the start point) to the school (the end point).

The system calculates the distance in miles to three decimal places. The routing database uses two dimensional maps. This means it does not take into account any contours or terrains.

The start point (applicant's home)

For calculation purposes, the local authority uses the AddressBase database supplied by Ordnance Survey to determine the start point from the applicant's address. This provides a national grid co-ordinate and a unique property reference number (UPRN) for each property in Great Britain.

The grid reference is provided to a resolution of 0.1 metre (10cm). Calculations are based on the assumption that the child's home address is classified at the point of application as a residential address.

If you live in a block of flats where you use a communal entrance, the local authority will use the UPRN for the block and not the centroid of your individual flat for the distance calculation.

The end point (school)

Unless otherwise stated, the main gate to the school is used as the end point for calculation purposes.

Please note that you cannot compare distances produced on the local authority's Synergy system to those calculated using any online geographical information system software you may have access to, such as satellite navigation systems or Google maps.

Admission criteria for community primary schools in Barnet

If there are more applications than the number of places available, places will be offered according to the following order of priority:

1. 'Looked after' children and children who were adopted (or subject to child arrangements orders or special guardianship orders) immediately following having been 'looked after' (see Note 1)
2. Children whom the Director of Education and Skills accepts have an exceptional medical, social or other need that the school is particularly able to meet (see Note 2)
3. Children who, at the time of admission, have a sibling (brother or sister) living at the same address who already attends the school, or the linked school in the case of separate infant and junior schools. Siblings would include half, step, adoptive and foster siblings provided they also live at the same address as the applicant.
4. Children of teaching staff of the school where the member of staff has been employed at the school for two or more years at the time at which the application for admission to the school is made and will be in employment as a teacher at the school when the child starts school
5. Children living within the individual school's defined area, with priority given to those who live closest to the school when measuring distance in a straight line (see Note 3)
6. Children living outside the individual school's defined area, with priority given to those who live closest to the school when measuring distance in a straight line (see Note 3)

Note 1 - A 'looked after' child is a child in the care of a local authority or provided with accommodation by that authority in accordance with Section 22 of the Children Act 1989. An adopted child is defined by section 46 of the Adoption and Children Act 2002. Child arrangements orders are defined in Section 8 of the Children Act 1989, as amended by Section 12 of the Children and Families Act 2014. A special guardianship order is defined by section 14A of the Children Act 1989

Note 2 - Applications made under this criterion must be supported by a current letter from a doctor, social worker or other appropriate professional. The letter must name the school and specify the reasons why the particular school is most suitable for the child and the difficulties that would be faced if the child attends an alternative school.

Note 3 - A map showing a school's defined area may be viewed online at www.barnet.gov.uk/admissions. Distance is measured in a straight line between the address point for the child's home, supplied by Ordnance Survey, to the school's main gate (unless specified otherwise) using the Council's computerised geographical information system

Tie Breaker – distance will be used as a tie-breaker within each category.

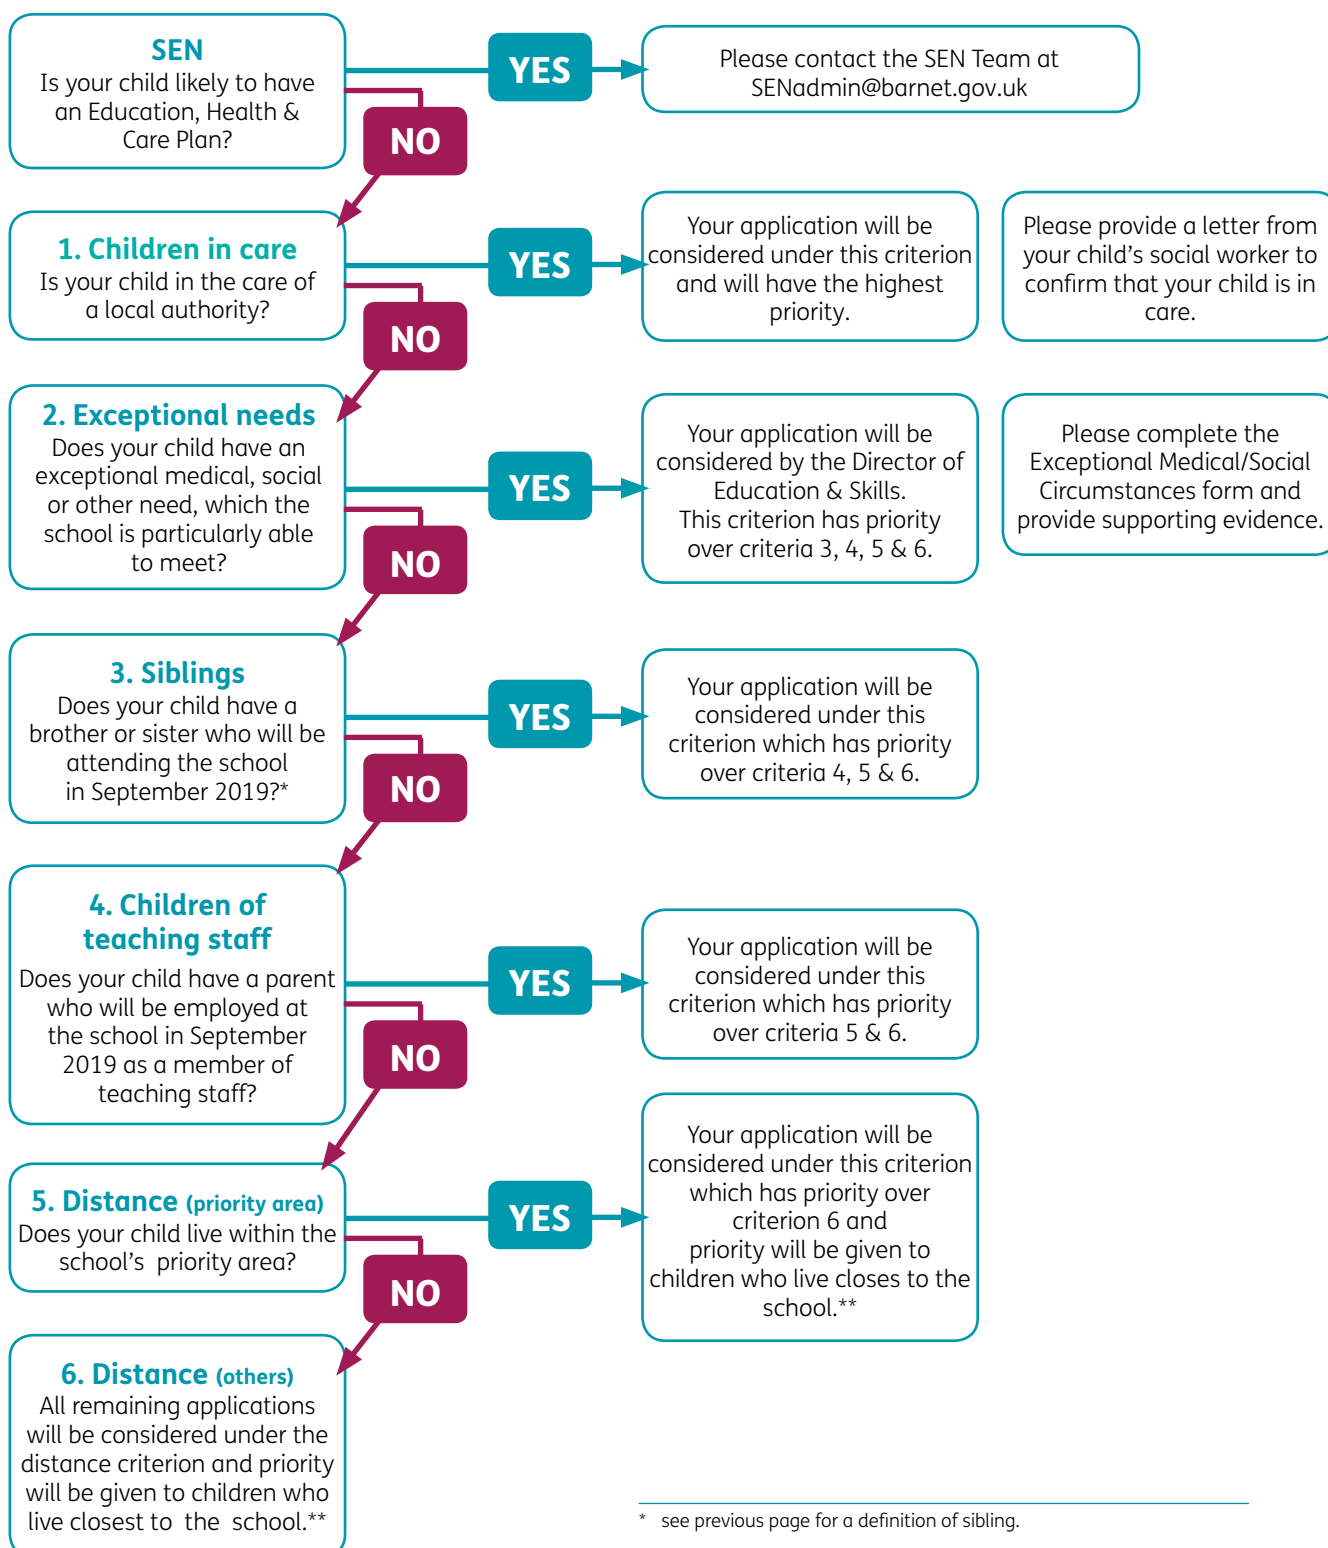

Final Tie Breaker – applicants from the same block of flats, or applicants who live the same distance from the school, will be selected in random order using Barnet's computerised system and places will be offered accordingly.

Applications made on behalf of twins or triplets – if only one place is available at the school and the next child who qualifies for a place is one of multiple birth siblings, we will ask community schools to go over their published admission number to support the family. These children will be deemed as 'excepted' pupils under infant class size legislation.

A summary of the admission criteria for each of Barnet's voluntary aided schools, foundation schools and academies can be found on the individual school pages.

We offer a broad and balanced curriculum using central themes as the basis for our planning taught through cross-curricular group activities.

Equal emphasis is placed on the learning that takes place in both the indoor and outdoor environments. We foster creativity in the children through a strong emphasis on the creative arts, and we incorporate healthy eating and physical exercise into the work that we do.

Our child-centred approach recognises the fact that children learn best by being able to link their learning to their own experiences, by taking part in very practical activities and learning and developing skills through play.

Individualised learning can be seen in targeted activities and work that is differentiated to address the different needs and abilities of the children. We promote a "have-a-go" culture where children are challenged and encouraged to learn from their mistakes, to question and to persevere with their learning.

Nursery class	Yes

5. other priority applicants
6. other children who are not Priority Applicants and who are "looked after" by a local authority

Where there are more applicants within any category than places, places will be allocated to children who live closest to the Sternberg Centre site, East End Road entrance, measured in a straight line from the front door of the child's permanent home address as notified to the school before the date of allocation of places by the Admissions Committee, using the London Borough of Barnet's computerised measuring system (the Distance Tie-Break.);

Where a child regularly lives with one parent for part of a week and with the other parent for the rest of the week, the permanent address for Distance Tie-Break purposes will be the address at which the child lives for the greater part of the school week, i.e. Monday to Friday

Where the Distance Tie-Break does not produce a clear outcome (i.e. two children live precisely the same distance from the school), the place will be determined by random allocation supervised by a person independent of the school.

Where the operation of the oversubscription criteria and the Distance Tie-Break would not lead to all multiple birth siblings being offered a place all those sibling(s) will nevertheless be offered a place

About our school

Alma Primary is an inclusive, state primary school, which welcomes children from across the Jewish community, as well as children from other faiths and none. The allocation of places will be split between Open places and Faith places.

Open places are allocated to children whose parents choose the school regardless of their faith. Parents applying for an Open place do so knowing that the school aims to provide a Jewish education and, therefore, the governing body expects that all pupils will take part in the Jewish aspects of the school's curriculum.

Faith places will be allocated to children of families who can demonstrate practice of an aspect of Judaism.

If there are more applications than the number of places available, places will be offered according to the following order of priority:

1. 'looked after' children and previously 'looked after' children
2. children whose social or medical needs are needs that the school can reasonably meet and which are such that they cannot be met sufficiently at any other school
3. pupils whose siblings* have accepted a place or currently attend the school and who will continue to do so on the date of admission

* siblings are defined as including half, step, adoptive and foster siblings and twin or multiple births provided they live at the same address as the applicant, but not other children who also live at the same address who do not fall into one of these categories.

Admission limit	30
Age range	4-11
Breakfast club	Yes

4. children of members of staff.

Once places have been allocated to children under the criteria above, the remaining places will be divided equally between 'Open places' and 'Faith places'.

- a. 50% of the remaining places will be offered to the children living nearest to the front door of the school's site in Whetstone.
- b. the remaining 50% of places will be allocated to children through random allocation, open to children whose families fulfil the criteria for a faith place, as evidenced through the school's SIF. The random allocation will be carried out by an independent authority, agreed by the Children's Committee of the governing body.

Where more applications are received than there are places available, the available places will be allocated in the following order of priority:

1. looked after and previously looked after children will be allocated places under this category by reference to the proximity of the child's home address to the School, with those living nearer receiving higher priority

A "looked after child" is a child in public care at the date on which the application is made. A "previously looked after child" is a child who was in public care, but ceased to be so because they were adopted or became subject to a residence order or special guardianship order immediately after being in public care.

2. children who will have a sibling at Ashmole Primary School or Ashmole Academy at the date of application will be allocated places under this category by reference to the proximity of the child's home address to the School, with those living nearer receiving higher priority

A "sibling" will include a full, half, step, adopted and foster brother or sister, as well as a child of a parent's partner with whom he or she has been cohabiting for a period of at least one year at the application deadline, and in all cases the sibling must be living at the child's home address and being brought up within the same core family unit as a sibling to the applicant child. For the avoidance of doubt, a child of a friend or extended family member (for example, a cousin) living at the same address as the applicant child will not be a "sibling".

3. children with a parent who has been employed by Ashmole Academy Trust Ltd for a period of at least two years at the application deadline, whether based at Ashmole Primary School or the Trust's secondary academy, Ashmole Academy, or who were recruited to fill a vacant post for which there was a demonstrable skill shortage, will be allocated places under this category by reference to the proximity of the child's home address to the School, with those living nearer receiving higher priority
4. children who do not fall into any of the categories above will be allocated places under this category by reference to the proximity of the child's home address (as defined by this policy) to the School, with those living nearer receiving higher priority.

The child's home address will be the address at which they live and sleep for more than 50% of their time from Monday to Friday during term time at the application deadline. It will usually be the address at which Child Benefit is claimed or, if ineligible, the address at which the child is registered with their G.P. and dentist. No other address (including a business address) will be accepted.

The distance between the child's home address (as defined by this policy) and the School will be measured in a straight line between the address point for the child's home, supplied by Ordnance Survey, to the school's main gate using the Council's computerised geographical information system.

About our school

Etz Chaim Jewish Primary School is a modern, Orthodox Jewish free school in Mill Hill London, that caters for children between the ages of 3-11 years old. The school opened in 2011 and now has approximately 215 children on role with a Reception intake of 28 children. The vast majority of pupils live in very close proximity to the school.

Our approach is founded on the belief that the curriculum should be child-centred, based on practical, hands-on, concrete experiences, so that each child can build his/her knowledge, skills, concepts and attitudes through understanding. We use a thematic topic based approach as a vehicle to teach all areas of the curriculum and develop basic skills.

The Hyde is a friendly and inclusive community school and part of the Elliot Foundation Academy Trust. In May 2015 we were judged by OFSTED to be “outstanding” in every area. Our children love learning and are rightly proud of their achievements.

We seek to develop confident and articulate learners in every aspect of school life. In 2014 we won the Speakers School Council Award and in 2016 we were appointed a ‘Centre of Excellence’ for our work around inclusion. Our academic results reflect the fantastic progress our children make as they achieve above the national average. We have an innovative and exciting curriculum which is enhanced by our Urban Adventure, which offers children extension and enrichment activities. There is a strong emphasis on practical experience and first hand learning, which inspires our children and supports them to succeed.

The school is situated in a modern and spacious building with great facilities including a recording studio and a well used and stocked library; we also have fantastic outdoor space. We provide a wide range of opportunities for children both within the core curriculum and in other ways, such as through school council, sporting activities, and through art and music.

About our school

St Agnes' is situated in the parish of St Agnes' in Cricklewood. We are an 'all through' primary school, with a nursery on site. St Agnes' fundamental aim is to be a high achieving Catholic community, living out the gospel values in all that we do. Our mission statement 'The family of St Agnes lives, loves and learns together as followers of Jesus' is central to our existence and underpins every aspect of school life.

We recognise the fact that each child is an individual and we work hard to ensure that the academic potential of each child is met, whilst nurturing their faith - therefore developing the whole child. St Agnes' is a thriving happy and successful school, where children are encouraged to give of their best at all times.

The community of St Agnes believes that excellent standards are achieved through high expectations, a growth mindset, support, challenge, and encouragement. We believe that strong partnerships between school and home are fundamental to a child's success. It is our aim to provide this for every child, enabling their primary years to be a memorable experience, whilst equipping them with the desire, understanding, skills and confidence to be life-long learners and responsible citizens of the future.

The school's thoughtful and wide-ranging promotion of pupils' spiritual, moral, social and cultural development ensures that they mature into responsible, caring members of the school and the wider community. Achievement is outstanding. When they join the Early Years Foundation Stage, pupils make rapid progress and this is sustained as they move through the school. We are proud to be a part of a diverse community where children have lots of opportunity to develop their own understanding of the Christian faith as well as developing their understanding about different beliefs and cultures.

At SMSJ, our aim is for all pupils to learn from an exciting and engaging curriculum. Our performing arts and business & enterprise specialisms help pupils to develop their creativity, confidence and self-esteem and our site has lots of opportunities for outdoor learning and play.

We support and nurture our pupils academically, emotionally and socially so that they are able to develop resilient and respectful learning behaviours. We hope that children who start in reception will carry on their learning journey right through to the sixth form at SMSJ.

About our school

We are proud to be preparing today's children for the challenges of the 21st Century, by providing a broad curriculum incorporating new technologies, numeracy, literacy, science, humanities, Religious Education, sport, French and the arts. Our values as a church school form the basis of our emphasis on the development of the whole child, socially, emotionally, culturally and spiritually.

In partnership with St Mary's Church, children have opportunities to develop their understanding of the Christian faith, as well as learning about faiths and cultures. We enjoy seeing children succeed in many different ways working in partnership with parents and carers.

About our school

At St Paul's, great emphasis is placed on developing a growing sense of self-esteem and respect for others through the Christian ethos of our primary school. Everyone is encouraged to develop a collective respect for his or her school. We aim to give equal opportunity to all, regardless of gender, race or religion.

We prepare pupils to live and work harmoniously together, and to develop skills that will lead them to achieve success in being the best they can be. We aim for students to discover and develop their God-given abilities and their individual excellence.

What Ofsted said about our school – Jan 2014:

“Pupils have positive attitudes to learning. This helps them to make good and sometimes outstanding progress, particularly in reading”

What the children told Ofsted about our school:

“Everyone gets along and teachers ‘help us to learn.’”

About our school

St Paul's is a thriving Voluntary Aided primary school serving the local community. We have an enthusiastic, highly motivated staff team who work hard to deliver a broad and creative curriculum firmly underpinned by Christian principles. We greatly value our close relationship with the clergy and the whole community of St Paul's Church which is situated next door to the school.

We believe that education is a partnership between home and school. Our partnership with parents starts from the beginning of a child's school life as we seek to nurture and extend the skills and attributes which your child brings to school. That is not where your job ends and ours begins it is where our job starts and yours continues!

Keywords

This section explains some of the terms used in this booklet. These definitions apply except where individual schools define the terms in their admission arrangements.

Admission limit is the number of school places that is available in each year group.

Admissions criteria are the rules set by either the council or the governing bodies and are used to decide whether or not a place can be offered to a child.

‘Looked after’ children are those being cared for by a local authority or provided with accommodation by that authority in accordance with Section 22 of the Children Act 1989. This Act only applies to England and Wales, which means that a child has to be looked after by an English or Welsh local authority in order to be given priority for admission.

Previously ‘looked after’ children are those who were adopted (or subject to child arrangements orders or special guardianship orders) immediately following having been ‘looked after’

An adopted child is defined by section 12 of The Adoption Act 1976 and section 46 of the Adoption and Children Act 2002 and does not include children adopted abroad

A child arrangements order is defined by section 8 of the Children Act 1989, as amended by section 12 of the Children and Families Act 2014. A special guardianship order is defined by section 14A of the Children Act 1989

Parent is the term used to refer to anyone who has parental responsibility for and care of a child in accordance with the Children Act 1989.

Sibling refers to a brother or sister, half brother or sister, step brother or sister, adopted brother or sister and foster brother or sister living in the same family unit at the same address.

Education, Health and Care Plan (EHCP) is the document setting out the educational provision that will be made for a child with special educational needs, as well their health and social care needs. The EHCP replaces the Statement of Special Educational Needs under The Children and Families Act 2014. Parents are given a copy of the EHCP and will be involved in the review process.

Supplementary Information Form (SIF) is the name of the form you may have to complete to be considered for faith schools or selective schools. The school pages of this booklet tell you if a SIF is required. The form can be obtained from the relevant school and should be returned to that school.

Further information

Nursery admissions

Children can start nursery classes in a primary school, or one of the nursery schools, in the school term after they reach their third birthday.

The four nursery schools in Barnet are:

- Brookhill Road Nursery
- Hampden Way Nursery
- Moss Hall Nursery
- St Margaret's Nursery.

The age children can start depends on how many places are available. Most nursery places are for half a day, either morning or afternoon. There is no central admissions process for nursery classes. For further information regarding nursery classes and pre-school provision you can contact FYi – Families and Young People's Information Service **0800 389 8312** or visit **www.barnet.gov.uk/childcare**.

Admission outside a child's normal age group

The Council believes that children should be educated within their correct chronological year group, with the curriculum differentiated as necessary to meet the needs of individual children, and that they should only be placed outside their normal age group in very limited circumstances. However, parents may request out-of-year admission, for example if the child is gifted and talented or has experienced problems such as ill health. Such requests will only be agreed in exceptional cases.

If you would like to request that your child is educated outside their normal age group, you must complete an application for the correct year group in the normal way and in addition complete a 'Request for Deferred Entry' form.

The 'Request for Deferred Entry' form should be submitted together with supporting evidence that demonstrates why it would be in the child's best interests to be educated out-of-year.

Offers of places in a child's correct chronological year group cannot be held until the following academic year, so if out-of-year admission is agreed, you will need to apply for a place in the following year.

Summer-born children

We are aware that some parents of summer-born children may not want their child to start school until the September following their fifth birthday. However, at this point they will have missed a year of school and will join a year group that is moving from Reception to Year 1.

If parents wish to apply for their summer-born child to join the Reception class, instead of Year 1, in September 2019, they must submit a 'Request for Deferred Entry' form as above. This does not apply to children born in the Autumn and Spring as these children must legally be attending school full-time in the term that starts after their fifth birthday.

To apply for an out-of-year place

1. You must submit an application for the normal year group for your child's age whilst the request is being considered, this will be before **15 January 2019** for children seeking entry to a Reception class
2. You must complete a 'Request for Deferred Entry' form and submit supporting evidence
3. The 'Request for Deferred Entry' form and supporting documents must be submitted before the closing date for applications, **15 January 2019** for deferred entry to a Reception class
4. Each request will be carefully considered and a decision will be made on the merits of the individual case. This will include taking account of your views, information about your child's academic, social and emotional development; where relevant, their medical history and the views of a medical professional; whether they have previously been educated out of their normal age group; and whether they may naturally have fallen into a lower age group if it were not for being born prematurely.
5. If a request to delay your child's start in Reception by a year is approved, you will be advised to re-apply in the following year and provide a copy of the decision. However, there can be no guarantee of a place being available at the school, as this is dependent on the number of applicants that year.

Please note:

- for Barnet community primary schools, requests will be considered by the local authority's Deferred Entry Panel
- for all other primary schools, the request will be considered by the individual school
- there is no statutory right of appeal if your request is not agreed.

In-Year Admissions 2019/20

If you wish to apply for a place at a Barnet primary school during the school year because you have just moved into the area, or your child wishes to transfer from one primary school to another, please visit our website for further information and the link to the In-Year admission application form:

www.barnet.gov.uk/schooladmissions

If you are applying for a school outside Barnet, please contact the local authority where the school is situated for information about their application procedure.

If a community school is oversubscribed, the following criteria will be applied, in order, to allocate places:

1. 'Looked after children' and children who were adopted (or subject to child arrangements orders or special guardianship orders) immediately following having been 'looked after'
2. Children without a school place who the Director of Education and Skills accepts have an exceptional need which the school is particularly able to meet. Applications in this category must be supported by a current letter from a doctor, social worker or other appropriate professional which names the school. Parents must demonstrate that there is a very specific connection between the child's need and the particular school. Information not provided at the time the application is submitted may not be considered at a later date
3. Children without a school place who live within the school's associated geographical area and will have a sibling at the school at the time of admission
4. Children without a school place who live outside the school's associated geographical area and will have a sibling at the school at the time of admission
5. Children of teaching staff of the school where the member of staff has been employed at the school for two or more years at the time at which the application for admission to the school is made and will be in employment as a teacher when the child starts school
6. Children who live within the school's associated geographical area and who are without a school place because they have moved
7. Children without a school place who live within the school's associated geographical area*, who are a former pupil of the school and who have attended the school in the 12 months prior to the date of the application
8. Other children without a school place who live within the school's associated geographical area
9. Other children who will have a sibling in the school at the time of admission
10. Other children who live within the school's associated geographical area
11. Remaining places are offered to children living outside the individual school's defined area, giving priority to those living closest to the school when distance is measured in a straight line.

Waiting Lists

Waiting lists for Barnet primary schools are closed at the end of each academic year. If you want your child to remain on waiting lists for the 2019/20 academic year you will need to submit a new In-Year application.

Fair Access Protocol

All local authorities have a 'Fair Access Protocol' to ensure that children without a school place, especially the most vulnerable and those with challenging behaviour, are offered places at suitable schools as quickly as possible.

School places are offered in a way that ensures that children are shared between schools and no individual school takes a disproportionate number of children under the protocol.

Transfer to Junior School

There are 7 infant schools in Barnet that have a separate junior school.

These are:

- The Annunciation Catholic Infant School
- Brookland Infant School
- Deansbrook Infant School
- Dollis Infant School
- Garden Suburb Infant School
- Moss Hall Infant School
- Queenswell Infant School.

Although almost all pupils will transfer from Year 2 of the infant school to Year 3 of the linked junior school, parents must submit an application for a junior school place. You must do this online at www.eadmissions.org.uk.

The closing date for applications is **15 January 2019**. The outcome of applications will be emailed to you on **16 April 2019**. Applicants who are not offered their first preference school on 16 April 2019 will be informed what happens next.

Children at Grasvenor Avenue Infant School will automatically transfer to Year 3 at Underhill School and there is no need to submit an application unless you wish to apply for a place at a different junior school.

If a community school is oversubscribed, the following criteria will be applied, in order, to allocate places:

1. 'looked after' children and children who were adopted (or subject to child arrangements orders or special guardianship orders) immediately following having been 'looked after'
2. Children who, when the applications are processed, attend the linked infant school
3. Children whom the Director of Education and Skills accepts have an exceptional medical, social or exceptional need that the school is particularly able to meet. Applications in this category must be supported by a current letter from a doctor, social worker or other appropriate professional which names the school. Parents must demonstrate that there is a very specific connection between the child's need and the particular school. Information not provided at the time the application is submitted may not be considered at a later date
4. Children who live within the individual school's defined area and who are without a school place because they have moved
5. Children who, at the time of admission, have a sibling living at the same address who already attends the school, or the linked school in the case of separate infant and junior schools. Siblings would include half, step, adoptive and foster siblings provided they also live at the same address as the applicant
6. Children of teaching staff of the school where the member of staff has been employed at the school for two or more years at the time at which the application for admission to the school is made and will be in employment as a teacher at the school when the child starts school
7. Children living within the individual school's defined area, with priority given to those who live closest to the school when measuring distance in a straight line
8. Children living outside the individual school's defined area, with priority given to those living closest to the school when measuring distance in a straight line.

Travel costs

Help towards travel costs is rarely considered necessary for pupils at primary school because:

- there will be a suitable school within 2 miles distance of the pupil's home
- children of primary school age can travel free on buses in the greater London area.

Home-to-school travel arrangements can, however, have a big impact on low-income families, particularly those with several children. Parents whose children are entitled to free school meals or who are in receipt of their maximum level of Working Tax Credit may apply for help with travel costs. Barnet's Home-to-School Transport Policy is available from the Admissions Team.

School uniform

- School uniform plays a valuable role in contributing to the ethos of a school. While schools are encouraged to consider the introduction of uniforms, they are also expected to help limit their expense. Parents on low incomes should not feel that the cost of a uniform means that they cannot apply for their school of preference.
- Families having difficulty providing regulation school uniform should discuss this with their child's school. There is no grant available from the local authority.

Contributions to school funds and school trips

There is no charge or cost related to the admission of a child to a school. While parents from low-income families may feel concerned about the level of voluntary contributions that schools request, this should not deter them from expressing a preference for a school. Parents are assured that, if they choose not to make voluntary contributions, their child will not be disadvantaged.

School Meals

Hot meals are available at midday in most schools. There is a choice of menus and vegetarian meals are offered daily. The cost of the meal is decided by the council.

Free school meals

All children in Reception, Year 1 and Year 2 automatically get free school meals.

From Year 3 onwards, your child will be eligible for free school meals if you are receiving any of the following:

- Income Support
- Income-Based Job Seekers Allowance (IBJSA)
- an income-related Employment and Support Allowance
- support under Part VI of the Immigration and Asylum Act 1999
- Child Tax Credit (provided you are not also entitled to Working Tax Credit), and have an annual gross income of no more than £16,190
- Working Tax Credit run-on, paid for 4 weeks after you stop qualifying for Working Tax Credit
- Universal Credit (provided your household income is less than £7,000 a year)

Please note: any family that receives Working Tax Credit is not entitled to free school meals for their children whatever the level of income.

If you receive benefits your child's school is entitled to important additional funding called the 'Pupil Premium'. Schools can use the extra money for a range of activities that can help to raise the attainment of disadvantaged children from Reception to Year 6.

All schools provide facilities for children who prefer to have packed lunches brought from home. Free school milk is available for all pupils in nursery and Reception classes.

School attendance

By law, all children of statutory school age, 5 – 16 must receive full-time education. Parents are responsible for ensuring that this happens either by registering their child at a school or by making other arrangements which provide suitable education.

The Local Authority has a team of Education Welfare Officers funded by almost all primary schools. Education Welfare Officers carry out duties to enforce school attendance and provide advice and support to parents and schools. Parents seeking advice on school attendance should contact the Local Authority, stating where their child attends school.

The best way to contact the Education Welfare Team is via e-mail **ewt@barnet.gov.uk** There is also a telephone number **020 8359 7684**.

Travelling to school

When choosing a new school it is good to also consider how your child will travel to school.

Each school has a School Travel Plan (STP) which explains what the school is doing to encourage pupils and their families to travel more sustainably, such as walking, cycling and using public transport.

You can ask to see a copy of the school's travel plan or you may find it on the school's website.

To find out more, email: schooltravelplans@barnet.gov.uk or tel: **020 8359 7603**

Walking

It is recommended that adults and children take 10,000 steps a day. Walking to school can contribute to this as well as allowing them to develop road safety skills and a chance to talk and socialise with families and friends. For directions and a map showing how to walk to any location go to <http://walkit.com>

Walking bus

Some schools run a walking bus where adults supervise groups of children as they walk along a set route.

Public transport

Under-11s can travel free on buses at all times and on the tube when accompanied by an adult. 11 – 15 year olds can travel free on buses at all times but need an 11 – 15 Oyster photocard called Zip. Further details can be found on the Transport for London website www.tfl.gov.uk as well as a travel planner that can help you to plan your route to school.

Cycling and scootering

Contact the school to find out if they encourage cycling or scootering and whether there is cycle and scooter storage available. The school may have a cycling and/or scootering policy explaining rules for students who wish to cycle or scooter.

You could also ask the school if they will be organising any cycle training for pupils and /or their families. If they are not, email: cycling@barnet.gov.uk or call **020 8359 4972** for advice on receiving cycle training as well as information about local led rides and other cycling activities.

Before a child can cycle on quieter residential roads they should have passed at least level 2 of the Bikeability course.

If you have to drive your child to school perhaps you could car-share or park and stride.

Car-sharing

Some schools coordinate car-sharing lists so you could enquire if the school can help you to find another family to car-share with. Information about appropriate car seats for children and how to fit them can be found at: <http://think.direct.gov.uk>

Park and stride

Many schools have identified possible park and stride locations where parents/carers can park their cars and walk the final part.

Walk on Wednesdays (WoW)

Some schools reward children who walk, cycle, use public transport or park and stride at least once a week with WoW badges or in other ways. These schools often have a walking zone map showing where children who usually come by car should walk from to qualify for a reward.

Sustainable Modes of Travel Strategy (for children and young people)

The Council has a legal duty under the Education and Inspections Act (2006) to promote sustainable travel.
